# The Ideal Home

 HE furnishing of the modern home in perfect taste and harmony calls for special qualifications, which are only acquired by long and practical experience.

The convenient grouping of the different styles of furniture in this catalogue makes it easy to select designs that harmonize in every particular.

Our customers often call upon us to suggest the most desirable combinations for various rooms, supplying us with drawings showing the size and arrangement of the rooms to be furnished. We are at all times glad to make suggestions to secure the best possible setting out of furniture.

It costs no more to secure harmonious results in home furnishings, but it does require good taste and good judgment to choose furniture that will give permanent satisfaction.

A comparison of prices and designs (as shown in this catalogue) will prove that we can afford you a considerable saving on your home furnishing.

Moreover, we offer you furniture that will give lasting satisfaction.

AN ALL-METAL EQUIPMENT FOR SLEEPING ACCOMMODATION  
WHICH AFFORDS COMFORT TO THE WEARY, AND ADDS TO  
THE HEALTHY CONDITION OF THE BEDROOM

## Isn't it Reasonable

To suppose that a concern that has conducted from the start an increasingly successful business, has done so by studying and catering for the demands of an exacting public?

## Delivered Prices

If you require the approximate cost of freight to all parts of Australia, New Zealand, &c. or any of the islands, write to us. We shall always give this information as near as possible.

The last word in Wire Mattresses, having all the merits of other mattresses, in addition to the following essentials

- "A." Steel Rest Lugs are securely attached at the four corners of "Steelite," rest on frame of Bedstead, preventing slipping off.
- "B." Lubber Steel Side when lugs made frame of Bedstead, &c. prevents any possible mattress rocking.
- "C." The Web is elevated high above frame of Bedstead.
- "D." Winding Bands of Extra Strength are provided to regulate the tension of Wire.
- "E." It will be noticed here that the Wire Web is rivetted under the Steel angles, thus making it impossible for stuff, dust or insects to accumulate.
